

You have a lot on your plate...  
did you leave room for food?

# EATING MADE EASY!

The All-Access Meal Plans are a new and innovative Dining program that many Colleges and Universities are moving to such as Baylor University, Southern Methodist University, Austin College, Trinity University, Southwestern Assemblies of God University, University of Houston and Sam Houston State University; just to name a few.

There is no monetary association with a swipe; so students can swipe their card for a meal, cup of coffee or an apple. The All-Access Meal Plans were created to offer an environment that fosters community, socialization and the freedom to come and go as students please; providing a “home pantry” experience.

Dining services is about more than just serving unlimited amounts of food; we create relevant options and provide offerings that mimic the lifestyle of our customers. Time away from home at college is all about new experiences... meeting new people and making lifelong decisions; not worrying about the number of meals you have to last the rest of the week.
