SUMMER AND FALL 2019 NEW STUDENT REGISTRATION INSTRUCTIONS PER ACADEMIC PROGRAM

N.B. There tend to be less course offerings in the summer than in the fall, except for Classical Education students. Please see below under “Certificate in Classical Learning” and “Master / M.A. in Humanities with Classical Education Concentration.”

Instructions: Please find the courses you should sign up for by finding the appropriate program in the following list and following the instructions there. The following instructions presuppose that students will register for at least a half-time course load (6 hours, or 2 courses). If you will be enrolling in only one course, then choose only one for this preliminary registration.

These instructions are NOT meant to take the place of consultation with your academic advisor, who is your graduate or concentration (for PhD students) director. Please see the [complete list of graduate and concentration directors](#) to find the contact information for your graduate or concentration director. In particular, if you are in an M.A. or Ph.D. program, you should seek the advice of your graduate or concentration director regarding meeting your foreign language requirement.
