- **Blue check marks** indicate courses that have been advised for a given term.

**Elective groups** (for concentrations) are indicated by double red arrows followed by “Click >> to select () hours”. When clicked, a pop-up menu will appear with available courses that can be taken toward a specific elective requirement.

**Excess credits** show near the bottom left of the degree plan and indicate courses that were not completed successfully (will appear in red) or do not fit into the current degree plan. These courses may also be used as substitutions for other courses (with approval).
Comments left by an advisor can be found under the “Comments” tab. Refer to this tab when viewing comments made during or in-between advising sessions.

Advising history and a summary of what was advised can be viewed under the “History” tab. Advising summaries can be printed for reference as needed.
