Each student at the University of Dallas is given a school email account. This account is the only email address through which university faculty and staff will communicate with you electronically. It is vital that you activate and use this email as you will receive important information from various academic offices on campus.

We realize that you may already use an alternate email service. If you prefer that your university email be directed to another account, please take a few moments to log in to the University's system in order to forward your email to that account. Once logged in, click on "Settings" in the upper right corner. On the next page, click on "Forwarding and POP/IMAP" to modify the forwarding address (select "Add Forwarding Address.")

ECollege

From www.udallas.edu . Select **MYUD**; select **Ecollege**

Select **Forgot Your password** then enter the **last 6 digits of your UD ID** in the **User ID** box and select Request password reset. Go to your udallas email account (set in the system as the preferred unless you change it) and read the email from Pearson. Select the link. Use your **LAST 6 digits of your UD ID** as your User ID and then create a password. Select Technical Requirements to ensure your computer will support the Ecollege system.

Ecollege is the online course delivery system.

Library Database

To access the library's databases (like **ATLA**), you should be able to use the following log on information:

Username: is the same as the google mail

Password: Your UD ID 900...

If you are unable to log into this please contact Brad Weathered
