Student Disability Services Verification Form for Students with Blindness and Low Vision

This form is intended to assist in meeting our documentation requirements for these disabilities. However, if not thoroughly completed, it may not be sufficient as the sole form of documentation provided. Please refer to the “Guidelines for Documenting Blindness and Low Vision” for comprehensive documentation requirements and additional information. To ensure the provision of reasonable and appropriate accommodations, students requesting services must provide current documentation of the disability. The age of acceptable documentation is dependent upon the nature of the condition. Documentation that reflects the current impact on the student’s functioning should be submitted. This documentation should provide information regarding the onset, longevity and severity of symptoms, as well as the specifics describing how it has interfered with educational achievement. To standardize our gathering of information, we ask that you complete the following questions, even if the material has already been included in your evaluation. All information will be kept confidential. Please feel free to contact the ADA/Section 504 Coordinator at (972) 721-5056 with questions.

The information below and the release of information on the second page are to be completed and signed by the student.
